

## **IT ALL BEGAN WITH GOD**

### **School Year Theme**

Satan is targeting Christ's lambs with lies and misconceptions about the origin of life. Surveys show that a major reason young people are leaving churches today is their feeling of inadequacy and uncertainty when approached with the lies of evolution. We must begin training our children at an early age so they will *"always be prepared to give an answer to everyone who asks them to give the reason for the hope that they have."* (1 Peter 3:15.)

### **PURPOSE OF THIS PROGRAM**

Dr. Norman Geisler writes in his book *The Apologetics of Jesus*, "That Jesus is one of the greatest teachers who ever lived is not in dispute, even by most non-Christians who are aware of his teachings. Certainly he is the ultimate model for Christian teaching. Given this fact, we can only conclude that Jesus was also the greatest apologist for Christianity who ever lived." And for the next 200 pages Geisler lays down his insights regarding Jesus' constant use of apologetics.

Apologetics comes from the Greek word "apologia" which means a defense. It is a word we find circulating more and more among Christian churches that have felt the steady onslaught of the world into the personal lives and beliefs of their members. Adults are being hammered with questions from a hostile world that they are ill prepared to answer. Our young people are also faced with a very difficult argumentative battle against their faith beginning in their early teens. (In a recent study by Answers in Genesis it was discovered that 56% of Christian young people said they began doubting the Bible when approached with questions for which they had no answer. The study also pointed out that the church is losing kids in elementary, middle school, and high school, rather than college.) Consequently, many within the church are seeing the need to teach even the very young not only what we believe, but why we believe it.

The idea of giving a ready answer to those questioning our religion is not new. Scripture is filled with examples of apologetics being used, not only by the Master Teacher and others. 1 Peter 3:15 says, *"Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have. But do this with gentleness and respect."* 2 Corinthians 10:5 states, *"We demolish arguments and every pretension that sets itself up against the knowledge of God, and we take captive every thought to make it obedient to Christ."* Colossians 4:6 teaches us to, *"Let your conversation be always full of grace, seasoned with salt, so that you may know how to answer everyone."* And Titus 1:9 states, *"He must hold firmly to the trustworthy message as it has been taught, so that he can encourage others by sound doctrine and refute those who oppose it."*

Stephen was a master at apologetics. Faced with a wave of questions and accusations, Stephen proceeded to methodically explain the reason for his belief. It took fifty-four verses to teach the leaders of the church why he was a follower of Jesus. All through his discourse he stood firm and steadfast. He truly was "prepared to give an answer to everyone who asked him to give the reason for the hope that he had." Jesus himself told many of his listeners to look at the proof and see for themselves why he was true God. In John 10:25 we read, *"Jesus answered, 'I did tell you, but you do not believe. The works I do in my Father's name testify about me.'" In John 10:38 Jesus says, "Even though you do not believe me, believe the works, that you may know and understand that the Father is in me, and I in the Father."* And in Mark 2:5-12 Jesus used reasoned logic to put down the questions of the teachers of the law, *"When Jesus saw their faith, he said to the paralyzed man, 'Son, your sins are forgiven.'*

*“Now some teachers of the law were sitting there, thinking to themselves, ‘Why does this fellow talk like that? He’s blaspheming! Who can forgive sins but God alone?’*

*“Immediately Jesus knew in his spirit that this was what they were thinking in their hearts, and he said to them, ‘Why are you thinking these things? Which is easier: to say to this paralyzed man, ‘Your sins are forgiven,’ or to say, ‘Get up, take your mat and walk’? But I want you to know that the Son of Man has authority on earth to forgive sins.’ So he said to the man, ‘I tell you, get up, take your mat and go home.’ He got up, took his mat and walked out in full view of them all. This amazed everyone and they praised God, saying, ‘We have never seen anything like this!’”*

Some feel uneasy when we use the words “defend”, “argue”, and “logic” when speaking about God’s Word. Is that really necessary they ask? Doesn’t that detract from or lessen the “one thing needful”? Not at all. First and foremost faith in the Jesus’ life, death and resurrection is the cornerstone of eternal salvation. It is what makes us Christians. We know that whoever believes will be saved. Yet that is not the end all of our Christian lives. When Christ ascended into heaven his final words were not to believe in him. He was already speaking to his flock. Rather, he commissioned each of his followers to now **go** and **teach** this Good News to others. Just as a flashlight hidden under a box is ineffective, so a Christian who refuses to share his or her treasure with others is lacking in his or her calling. We should always be ready to speak to others about our loving Savior. (Note: the term “apologetics” is never used within this program.)

Any elementary school teacher will tell you they need to be prepared to answer a myriad of questions every day. “Why did we fight the Civil War?” “What causes an eclipse?” “Why do libraries use the Dewey Decimal System?” “Why are there seasons?” “Why do we use quotation marks?” “Why do we have to learn about fractions?” Supposedly, the teacher could answer each of the questions with the simple retort, “Because the book says so!” But they know there needs to be more evidence to satisfy their curiosity. The students need factual answers from their knowledgeable teacher that support the textbook.

The same can be said about Christianity. “How do you know the earth was created by God?” “Why can’t I believe only the parts of the Bible I want to believe in?” “Why can’t I say that God created the universe – but it took millions of years?” “How do you know Jesus rose from the dead?” As in the classroom, one could answer these questions by simply saying, “Because the Bible says so!” Even though that answer is absolutely true, we should also be prepared to give scriptural reasoning as well. “I know the earth was created by God because God said so, and because everything in nature points me to an intelligent Creator.” “I can’t believe in just some parts of the Bible because that destroys the plan of salvation that runs from beginning to end.” “I can’t believe in God and evolution because then I would have to admit there was death before Eden. And if that’s the case, there is no need for a Savior from death.” “I know Jesus rose from the dead because he said so, plus he showed himself to over five hundred people afterwards.”

## **ARE WE PREPARED?**

Are today’s Christian children prepared to face the world? (Unfortunately our schools are already beyond that question. By the time a child takes the first step into our schools, he or she has already faced the onslaughts of the world in a very big way. Just take a look at kids’ cartoons and “educational” programs they watch for hours on end. Just listen to the language they are subjected to. Just look at the family lives surrounding so many of them.) It would be interesting to see the answers to that question today compared with fifty years ago. Although God’s Word is constant, there is no doubt some eras in history provide a much easier path for God’s people than others. Many of us were fortunate to enjoy the blessings of the **Leave It to Beaver** days of the 1950’s. Entertainment was neutral (Ward and June even prayed before meals), morals were held in check (good always triumphed over evil in every episode), families were still an important part of society (divorce, homosexuality, and sex before marriage was never mentioned), and neighborhoods were still safe day and night (Wally and The Beav were always on a neighborhood escapade). Other items like terrorism, global warming, government handouts, hatred toward Christians, separation of church and state, dislike for authority, etc. were never even considered. But our children are no longer living in a **Leave It to Beaver** world. They are living in a different world, a post Christian world growing ever more hostile to God and his Word. We have

evolved into a society that presents great challenges for the Christian. It is a society steeped in lies and temptations that have not been seen in our country's history. The very foundational institutions that held our society together are crumbling quickly. Truth, honesty, marriage, family values, morality, patriotism, science, justice, education, politics, entertainment, etc., have all taken a swift and certain turn for the worse, and our church's parents and children are caught in the middle of the firestorm.

For many years our Lutheran churches have produced tremendous educational programs that teach the truths of Scripture. Much planning and effort has gone into the courses that instruct teachers to share with our children God's ways. Our presentation of Bible History class has served us well in past decades. However, the time has come to further reinforce our approach in teaching Christ's lambs. Our objective must be not only to make them knowledgeable of God's Word, but to also provide them reasons to stand firm and steadfast in their faith, prepared to answer the many questions Christians are faced with today—questions that were never asked of previous generations. Our children must be taught how to deal with the doubts, seductions, and lies Satan is aiming at them in the private and public square. They must be certain in their own hearts of the basis for real truth. They must be taught to not only recognize, but to be critical of anything that would attempt to shake their faith. Far too many of our young people are falling away from their basic beliefs after they leave our elementary schools and confirmation classes. They are unprepared to face the so-called "facts" by the so-called "experts". More than ever, we must teach them to put on the full armor of God for their fight against Satan's assaults. Our children need to be trained how to swim upstream. They need to know where to find the strength and wisdom for their faith to survive. Are they ready to meet these assaults? Are we prepared to "arm these young soldiers"?

Pastor John Moldenhauer and Reynold Kremer have teamed up to approach this problem. John served as a parish pastor for five years, a teacher at Minnesota Valley Lutheran High School, New Ulm, Minnesota and at Kettle Moraine Lutheran High School, Jackson, Wisconsin for 32 years. He has seen firsthand the plots of Satan to snatch our young people from the fold and realizes that their faith foundations in God's absolutes are wanting. Reynold Kremer served 15 years as a WELS teacher and principal and has since become a writer of vacation Bible school curricula, children's Christmas services, and church Bible studies. (Reynold's programs are available at [www.kremerresources.com](http://www.kremerresources.com).) Over a million people have enjoyed Reynold's Christmas services as well as hundreds of thousands of children participating in his vacation Bible school programs.

These men share a great burden for our children. With our culture closing in on secular education, entertainment, politics, and daily lifestyles, our children's world has become much smaller than it was years ago. Moldenhauer and Kremer considered various approaches to incorporate simple apologetics into the elementary school classrooms. The main obstacle they found was introducing another curriculum into schools that already have overloaded schedules. So it was decided to produce a series of three themed programs for our schools that can be simply used as classroom devotions or all-school gathering service meditations.
